EXPERIENCE

Teacher and Founder LexiPedia Institute (Egypt)

2025-Present

- **English Teaching:** Teaching and helping students at all levels to read, listen, speak and write in English fluently

Freelance Developer

2020-Present

- **Secure Financial Architectures:** Designed and deployed full-stack web solutions for diverse clients, focusing on data integrity and server-side security to protect sensitive user transactions.
- **Database Management & Migration:** Architected and managed complex database environments using SQL Server, MySQL, and PostgreSQL, including executing seamless migrations and optimizing performance for e-commerce platforms.
- **Scalable Backend Logic:** Developed custom backend scripts and APIs to automate business operations, ensuring high availability and efficient request handling for high-traffic environments.
- **Technical Consultation:** Provided end-to-end technical leadership for local projects, managing the full software development life cycle (SDLC) from initial requirement gathering to cloud infrastructure deployment.

Web Developer- Saiket Systems(Project)

2026-2026

- Developing and deploying a responsive E-commerce interface using React.js, Tailwind CSS. User authentication dynamic API integration.
- **Full-Stack Web Development:** Designing and implementing comprehensive web solutions, utilizing front-end (HTML, CSS, JavaScript) and back-end (Node.js, PHP, Python) technologies, with a focus on maintaining code quality and version control (Git).
- **Responsive Design:** Developing responsive and user-friendly interfaces that work seamlessly across devices and browsers, resulting in improved user engagement and satisfaction.
- **Web Application Security:** Implementing security best practices to protect against common vulnerabilities and ensuring compliance with industry standards.
- *Job Skills: Front-end Development, Back-end Development, Web Security, UI/UX, Internet Technologies.*

Development Team Lead - xtraLesson

2024-Present

- Spearheading a cross-functional engineering team to build and maintain a high-traffic e-learning platform, ensuring 99.9 percent uptime for a global, multi-language user base.
- **System Architecture and Localization:** Architected a scalable microservices-based backend designed for internationalization (i18n), enabling seamless content delivery across multiple languages and regions.
- **API and Infrastructure Management:** Oversaw the development of secure, performant RESTful APIs and managed cloud infrastructure deployment, optimizing server response times for video-heavy learning modules.
- **Technical Leadership and Mentorship:** Established internal coding standards and CI/CD pipelines, conducting rigorous code reviews to ensure high-quality software delivery and mentoring junior engineers in backend best practices.
- *Job Skills: Team Leadership, Microservices Architecture, API Design, Scalable Systems, Backend Engineering.*

Tutor - University of Science and Technology

2022-2023

- Mentored students in building scalable server-side architectures and efficient algorithms, focusing on the fundamentals of distributed systems and backend logic.
- **Backend Development Instruction:** Guided the implementation of RESTful APIs and database integration, emphasizing data integrity, server-side security, and optimized request handling.
- **C and Java Systems Programming:** Taught low-level memory management in C and advanced Object-Oriented Programming (OOP) in Java, helping students optimize code performance and execution speed.
- **Code Review and Engineering Mentorship:** Conducted rigorous code reviews and troubleshooting sessions, instilling industry best practices such as version control (Git), unit testing, and design patterns.
- *Job Skills: Backend Development, Java (JVM), C (Systems Programming), API Design, Data Structures and Algorithms, Peer Mentorship.*

SKILLS

- **Soft Skills:** Analytical Problem-Solving, Time Management, Task Prioritization, Adaptability, Continuous Learning, Team Collaboration.
- **Programming Languages:** .NET, C#, Web APIs, ASP.NET Core, SQL, HTML, CSS, JavaScript, C, C++, Python, Java, PHP.
- **Web Development:** DevOps, Responsive Design, Security Best Practices, Testing and Debugging, Performance Optimization.
- **.NET Development:** ASP.NET MVC, (Entity Framework, LINQ), RESTful API Development, Oracle, (Azure, Cloud Services Integration), Unit Testing and Test-Driven Development (TDD).
- **Databases:** PostgreSQL (Architect/Design/Modelling), Relational Databases (MySQL, Oracle), Elastic DB, Document Databases (MongoDB).
- **Miscellaneous:** Git, Github, CI/CD, Linux SysAdmin.

EDUCATION

University of Science and Technology (UST)

Bachelor of Information Technology (Honours)

2019-2025

GPA: 3.7/4.0

PROJECTS

Sikka Water Filters Qatar

- A complete dynamic online system for water filtering store with secured transactions and financial services. <https://sikkawater.com>
- Link: <https://sikkawater.com>

TaskFlow API

- A modern, production-ready task management system built with ASP.NET Core 8, featuring enterprise-grade architecture and comprehensive security.

Personal Blog Platform

- A full-featured blogging platform built with Django, PostgreSQL, and Bootstrap 5. This application allows users to create, share, and engage with blog posts in a modern, responsive web interface.

Hiwarat LMS

- A seamless learning ecosystem designed to bridge the gap between lecture hall listening and true academic mastery.

Ransomware Encryption

- A python script that acts as ransomware by encrypting all files in the specified directory.

CERTIFICATES

- **Data Centre Fundamentals** - Meeza Academy
- **Oracle AI** - Meeza Academy
- **Database Design and Basic SQL in PostgreSQL** - University of Michigan
- **Meta Back-End Developer Professional Certificate** - Meta
- **Tools of the Trade: Linux and SQL** - Google
- **NSE 2 Network Security Associate** - Fortinet
- **Introduction to IoT** - Cisco
- **Intermediate Python** - DataCamp
- **Jr Penetration Tester** - TryHackMe

MISCELLANEOUS

- **Languages:** English (Fluent), Arabic (Native speaker).
- **Interests:** Coaching, Reading.
